

# Vintage Faith in a Modern World

His Word. His Wisdom. His Women.

"Vintage Faith" In a Modern World

Is God's word still relevant today?

(Spoiler Alert: Yes It Is!)

This year our format will consist of three week sessions followed by one week of special testimony and wisdom from different women of our church.

Journey with us as we find out what happens when Jesus meets the blind man, Pilate, and James and John! Were their lives changed? Are our lives changed today when He "meets" us?!
